

August 2, 2021

Dear Parents/Guardians,

This school year will challenge us as we return to “normal”, but feeding your children is still our priority.

Breakfast and lunch will be available each school day for all students.

Our menu choices will include an Entrée, sides, fruit, and milk all at Zero cost for the students. Snacks and ala carte items will be sold at additional cost. Please consider using the “My School Bucks” program which will allow money to be placed in your child’s meal account and food items they want to purchase to be paid for without sending cash to school with your child. Check the West Canada School website for details on how to sign up for this web based program.

Students will give their name to the cashier or they may enter their own PIN at check-out.

The plan as of the date of this letter is for Middle and high school students to dine in the main cafeteria. While the Elementary students will come through the high school entrance for breakfast, and lunch will be served to them in the Elementary cafeteria.

Students may bring lunch from home, but microwaves are NOT available to heat meals.

USDA has approved FREE MEALS to all students through 06/30/22. However, Free/Reduced applications MUST still be completed this year as this data helps determine the amount of State Aide provided by NYS to our school district.

As always, if you have questions please reach out to me....

Stay safe and healthy,

Shelby Butler
