

WORKING PAPERS

Any students who plans to get a job this summer needs to stop in the High School Main Office to pick up an application for working papers. Most employees require minors to have working papers. Students will need to have a current physical on file in the health office to complete the application. Please be aware the paperwork takes a couple days to process. We have limited staff during the summer, please try to have all completed applications turned into the main office by June 24, 2019. If you have any questions regarding working papers, please call Heather Borden at extension 3300.
